

Titles of Cochrane Reviews 2

Titles of Cochrane Reviews

Titles for all types of Cochrane Reviews should be in sentence case. Avoid the use of abbreviations (except for those listed as [common abbreviations that do not need to be defined](#), see [Abbreviations and acronyms](#)), and avoid superfluous elements (e.g. 'effects of', 'comparison of', 'a systematic review of').

Titles can include italics (see section on [Character formatting](#)) but no other formatting.

Titles do not have a full-stop at the end.

Guidance on the structure of titles for Cochrane Reviews of interventions is included in the [Cochrane Handbook for Systematic Reviews of Interventions](#).
