Cochrane – not only randomised trials of treatment effects

19th March 2020, Gothenburg  
Venue: Nya Regionens Hus, Bergslagsgatan 2, Göteborg  
Meeting room Kronan 2  
Time: 12.00 – 16.30

Welcome to this open seminar focusing on some of our current activities and future initiatives of Cochrane in the Scandinavian countries!

We are convinced researchers and clinicians interested in the latest development within the area of evidence-based medicine will find the topics and discussions stimulating and helpful in defining future research needs and projects. Each topic will be presented by experts in the respective field and followed by Q&A and a short discussion. The seminar will be in English.

• Cochrane and Cochrane Sweden - Matteo Bruschettini, Director of Cochrane Sweden
• Introduction of when to (and when not to) include non-RCTs - Karsten Jørgensen, Director of Cochrane Nordic

• ROBINS-I - Cochrane’s “new” tool to assess risk of bias in non-RCTs - Minna Johansson, Director of Cochrane Sustainable Health Care
• Assessing our certainty in evidence from non-RCTs – GRADE - Karsten Jørgensen, Director of Cochrane Nordic

• Assessing our certainty in evidence from reviews of qualitative studies – GRADE-CERQual - Claire Glenton, Director of Cochrane Norway; Editor of Cochrane Effective Practice and Organisation of Care Group

• Cochrane Sustainable Health Care: the latest Cochrane initiative, based in Sweden - Minna Johansson, Director of Cochrane Sustainable Health Care  
Chairmen: Jan Kilhamn, Head of R&D Healthcare, Västra Götaland Region and Ingemar Petersson, Head of Research, Skåne University Hospital

Registration required for light lunch and afternoon tea/coffee:
