

# Declaration of interests form

**Instructions:** You should declare and describe any financial interest relevant to your Cochrane advisory board role falling into one or more of the below categories that you have held within the time period beginning 36 months prior to submission of this declaration.

An interest is relevant for this role if you have received payment from a commercial organization with an interest in the topic of the review(s) you advise on. This means that the organization has developed (or is known to be developing), or distributes (anywhere in the world), an intervention or potential comparator related to the topic of the review(s). This applies even if the payment was made for work or advice that did not relate to the topic of the review(s).

Further details can be found in Cochrane's policy on [Conflict of Interest for Cochrane Library Content](#)

**Name:**

## 1. Financial interests

a) Received research funding: any grant, contract or gift, commissioned research, or fellowship from any organisation related to health care or medical research (for example Cochrane, a non-governmental organisation, a pharmaceutical or medical device company, a healthcare charity or a patient advocacy group) to conduct research?

Yes

No

If yes, please provide details:

Yes

No

**Trusted evidence.  
Informed decisions.**

Better health

If yes, please provide details:

g) Had an outstanding loan with an organisation related to health care or medical research?

Yes

No

If yes, please provide details:

h) Received royalty payments from an organisation related to health care or medical research?

Yes

No

If yes, please provide details:

## 2. Non-financial interests

Do you have any other interests that would reasonably appear to be related to the primary interest? Such interests could include, but are not limited to, publicly declaring any strong opinions about this health area, unpaid membership of committees, advisory boards or patient advocacy groups in this health area, and being a named author of a study that might be included in this review.

Yes

No

If yes, please provide details:

I am a board member of the British Association of Clinicians in ME/CFS (BACME), a multidisciplinary organisation for UK professionals who are involved in the delivery of services for patients with ME/CFS.

I have worked with the UK charity Action for ME to develop their Pacing guide over three editions, spread over nearly two decades.

**Trusted evidence.  
Informed decisions.**

I have worked with the UK charity Action for ME to analyse some of the qualitative data regarding rehabilitation generated by their 2010 survey. This was later published in a peer-reviewed journal, Disability and Rehabilitation in 2013.

I have publicly declared support for the 2021 NICE Guideline [NG206]
