Declaration of interests form

Instructions: You should declare and describe any financial interest relevant to your Cochrane advisory board role falling into one or more of the below categories that you have held within the time period beginning 36 months prior to submission of this declaration.

An interest is relevant for this role if you have received payment from a commercial organization with an interest in the topic of the review(s) you advise on. This means that the organization has developed (or is known to be developing), or distributes (anywhere in the world), an intervention or potential comparator related to the topic of the review(s). This applies even if the payment was made for work or advice that did not relate to the topic of the review(s).

Further details can be found in Cochrane’s policy on Conflict of Interest for Cochrane Library Content.

Name:

1. Financial interests
